We take immense pleasure to inform that in the recent past i.e. Q4 FY18, 20 Microns Limited dynamically participated in 5 exhibitions and trade shows which are regarded and considered to be the premier and finest in the industry covering an extensive product portfolio, where there were eminent participants and visitors from across the globe.

We have successfully surpassed all tangible expectations evincing buoyant interest eventually strentgthening our recognition globally, 20 Microns has been successfully building a trajectory for a growth accretive environment with active participation helping to translate opportunities into superlative growth for following/subsequent years. We have showcased that we are at the forefront

in developing solutions and innovative products.

We organised an array of prominent display of our newest range of Ultrafine Industrial Minerals and Specialty Chemicals from the flagship/parent company i.e. 20 Microns Limited as well as distinct offering of new generation Functional Additives and Chemcially Modified Specialties from our

wholly-owned subsidiary i.e. 20 Microns Nano Minerals Limited.

To know more about us, visit: www.20microns.com www.20nano.com

IFEX 2018 is an International Exhibition on Foundry Materials where 20 Microns Limited showcased many new innovative products from Engineered Minerals used in Foundry and Foundry Coatings to Thermally Stable Bentonites and Silica Sands.

PlastIndia 2018 brought together the entire Plastic and Polymer community under one roof and was the perfect opportunity for 20 Microns to display its PP, PVC and Cable related product range of Engineered Minerals from Basofix and AR Talcs to Glowtox and Calcined Kaolins. 20 Microns Nano Minerals Limited also got the opportunity to showcase their Micronized Waxes, Processing Aids and Dessicants for this industry segment.

HPCI 2018 in its own niche space is India's premium Personal Care Show where 20 Microns got the opportunity to highlight its products that it caters to the Cosmetics industry ranging from White Clays, LC Pigment

to Glowtox and spreading a good awareness about the same through its distributor. 20 Microns Nano Minerals also offered Colored Mica to Organoclays to Matting Agents and many other specialties under its broad spectrum.

Indian Ceramics 2018 on yearly basis helps 20 Microns retain its connect with the Ceramics industry and gets to present a Technical Paper on its newest developed product for the industry and also showcase a mix of different clays and other engineered minerals for the tiles & Description of the tiles and sanitaryware industry. 20 Microns Nano Minerals also jointly introduced its latest Flux Additive for High Temperature Ceramic Glazes.

Lastly, 20 Microns wrapped up the year with its biggest event in terms of size and scale in an attractively designed booth at PaintIndia 2018. A separate display area was created to highlight its mineral ore, products and end application panels for easier understanding of various coating applications that the products are used in. A record breaking turnout of customers, dealers and international visitors ended on a high where 20 Microns Nano Minerals also jointly showcased its newly developed products of Matting Agents, Organoclays and Wax Emulsions.

Disclaimer:

20 Microns Nano Minerals Limited (the "Issuer Company") is proposing, subject to receipt of requisite approvals, market conditions and other considerations, to make a public issue of its Equity Shares and has filed a Draft Red Herring Prospectus ("DRHP") dated March 19, 2018 on the SME Platform of the National Stock Exchange of India Limited ("NSE EMERGE"). The DRHP is available on the website of NSE EMERGE at https://www.nseindia.com/emerge and the website of the Book Running Lead Manager, Vivro Financial Services Private Limited at [●]. Investors should note that investment in securities involves a high degree of risk and are requested to refer to the DRHP, including the section titled "Risk Factors" beginning on page 17 of the DRHP. Potential investors should not rely on the DRHP filed with the Stock Exchange for making any investment decision.
