Dear Sirs,

Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”)

The lockdowns and restrictions imposed on various activities due to COVID – 19 pandemic, while being a necessary measure to contain its spread, have also posed exceptional challenges to all businesses and the business operations at 20 Microns Limited (hereinafter referred to as the “Company” or “20ML”) have been no exception to this.

Pursuant to Regulation 30 of Listing Regulations read with SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/84 dated 20th May, 2020 and with reference to our earlier relevant disclosures on the subject, following are the brief details relating to the impact of the COVID-19 pandemic and the resultant lockdown, on the operations of the Company:

Impact of the COVID-19 pandemic, schedule, if any, for restarting the operations and steps taken to ensure smooth functioning of operations:

- 20ML has started its all Manufacturing Units, all over India, gradually in last week of April, after obtaining due clearance from the relevant government and local authorities, to complete its pending orders on hand;
- Registered Office situated at Waghodia, is functioning with minimum staff subject to maintaining social distancing and other safety norms;
- Our Corporate Office in Mumbai is closed in accordance with the Government directives and/or as a precautionary measure;
- Stock of Raw Material is sufficient to meet present orders in hand. Due to lockdown, Mining Operation was inoperative and imported raw material is lying at different ports which will be claimed soon;
- Company has partially resumed operations for all its domestic and international dispatches across all territories in a staggered manner keeping the government guidelines in place;

- Company has been in touch with its customers across all markets. Focus has been to help the customers for a safe start-up and receive new orders and to execute the backlog orders
- Business operations in the various international markets where the Company operates have been impacted to varying extent based on the spread of the pandemic and the restrictions on business activities placed by the respective Government authorities in these countries;
- Even during such difficult time, Company has successfully launched Klean Kranti – Hand Cleanser for the community and Immunity Booster Ayurvedic Supplements (herbal products) for the market to safeguard themselves in these difficult times
- Company, at present, is not facing any migrant labour issues;
- The Company has taken all necessary steps to adhere to the guidelines for social distancing provided by Ministry of Home Affairs along with the various directives issued by relevant Government authorities and has put in place safety measures keeping in mind safety, health and well – being of the employees and other stakeholders at all our locations.

Estimation of the future impact of CoVID-19 on its operations;

The impact of coronavirus on our business will depend on future developments that cannot be reliably predicted, including actions to contain or treat the disease and mitigate its impact on the economy. With the opening of domestic and international market post lockdown, we expect business to improve in a slow and gradual manner. Company has already begun few dispatches in domestic and international market since the reopening of their manufacturing locations.

Details of impact of CoVID-19–

Profitability for the Quarter 1 of FY21 expected to be affected due to lockdown and partial manufacturing capacity utilization. However, it is expected to improve gradually from Quarter 2 of FY21 onwards depending upon market movement and the improvement in the pandemic situation.

Company is trying to match its working capital requirements by various means like restricting fixed cost, availing benefits released by Government and Bank/Financial Institutions, clearance of dues from customers etc.

Existing contracts/agreements where non-fulfilment of the obligations by any party will have significant impact on the company's business;

The Company is well positioned to fulfil its obligations and existing contracts/arrangements. At present, we do not foresee any contract/agreements which will have significant impact on the business in case of non-fulfilment of obligations by any party.

This is for your information and record.

Thanking you,

***Yours faithfully
For 20 Microns Limited***

[Anuja K. Muley]
Company Secretary
